September 15, 2020

Dear Parent\Guardian:

After careful consideration, the Amory School District will extend Virtual Wednesdays throughout the duration of first semester. We have been fortunate to have very low case counts compared to other school districts within the state. Furthermore, this time allows our students to practice virtual learning fully, preparing them for a total shutdown event if one should take place. We have witnessed other districts shutting down around us. Our teachers have been using this time to adequately prepare virtual lessons as well as spend time assessing our fulltime virtual students. We strongly feel the benefits of this virtual day outweigh some of the negatives that could be associated with it. The Amory School District constantly strives to offer the best education we can while also keeping students as safe as possible. I apologize for any inconvenience this may cause, and I thank you in advance for your support during this tough time.

Every Student, Every Day!!

Sincerely,

Ken Byars  
Superintendent  
Amory School District
